DESCRIPTION

The California Division of Occupational Safety and Health (Cal/OSHA) recently updated its frequently asked questions (FAQs) publication and added a bit more clarity to the COVID-19 Prevention Emergency Temporary Standards (ETS). This webinar will review testing scenarios, return-to-work requirements, employee exclusions, and more. Focusing on the California Department of Public Health guidelines and the Cal/OSHA ETS regulations governing complex COVID-19 issues, the webinar will also help California employers gain a deeper understanding of best practices and problem solving as we continue to deal with COVID-19 in the workplace.
