DESCRIPTION

In response to the COVID-19 pandemic, the government of Canada and local provincial and municipal governments have actively changed the face of workplace law in Canada. In this webinar, attorneys from our Canadian offices will discuss the various measures that have been put in place, including new leaves of absence, enhanced income replacement benefits, and broad orders closing non-essential businesses. The speakers will also offer guidance on effective legal strategies that Canadian companies have used to protect their bottom line, while managing an anxious—but resilient—workforce.
