DESCRIPTION

On December 15, 2022, the California Occupational Safety and Health Standards Board is expected to vote to adopt a “permanent” COVID-19 safety regulation, which if passed will be in place for two years. The proposed regulation includes new and updated requirements addressing COVID-19 hazards, prevention, close contacts, testing, notices, and outbreaks. In this webinar, members of Ogletree’s Workplace Safety and Health Practice Group will review the proposed regulation, present real-world scenarios, and address best practices for California employers.
