### **DESCRIPTION**

The volume of California class action and Private Attorneys General Act (PAGA) lawsuits is at an all-time high, with no end in sight. In this high-stakes litigation, the dollar amounts are higher, the plaintiffs are more aggressive, discovery is more burdensome, and the pressure to settle is exponentially greater.

In this webinar, the speakers will provide 10 common-sense compliance solutions for litigation avoidance that employers can implement today with a minimum investment of resources. The speakers also will discuss the most common wage and hour claims that plaintiffs' lawyers are filing and the proactive steps employers can take now to develop key documentation and evidence to defend, manage, avoid, and even defeat such claims.
