### **DESCRIPTION**

Franchisors are facing increased legal scrutiny over their relationship with franchisees, due in no small part to the injection of employment law concepts that are at odds with the franchise relationship. This webinar will examine key litigation trends and legislative and regulatory issues impacting franchised brands today. Topics will include the latest efforts to expand liability for joint employment, employee misclassification, no-poach/no-hire agreements, and other related franchise relationship issues. This webinar will also provide insights and best practices on how to navigate these thorny legal challenges and minimize risk.
