

# A Global Employer's Guide to Hiring Across Borders—Building a Compliant Global Workforce

Join us for our *Global Employer's Guide* webinar series, presented by Ogletree's Cross-Border Practice Group. The series will explore the employment challenges faced by multinational employers throughout the entire employee lifecycle. Follow the journey of a fictional U.S. company as it expands overseas, with real-world examples from key global jurisdictions. The speakers will cover topics such as hiring, onboarding, day-to-day workforce management, separation, and the impact of AI on cross-border employment. The first session will focus on key legal issues before hiring in a new country, including jurisdiction selection, entity set-up, worker classification, employment agreements, and common onboarding pitfalls.
