#### DESCRIPTION

It's a new year! And we're all more than happy to put 2020 in the rearview mirror. However, a new year means getting back to the basics and preparing for whatever the next 12 months might bring, including Occupational Safety and Health Administration (OSHA) inspections. To kick off our 2021 OSHA Hour webinar series, the speakers will discuss how employers can and should prepare for the possibility of a knock on the door by their favorite (or not) federal or state compliance safety and health officer. The speakers will also address steps employers can take to be well-postured in the event OSHA shows up.
