#### DESCRIPTION

The Occupational Safety and Health Administration (OSHA) has been relatively quiet during the Trump administration, so employers are anxious to know what plans the Biden administration has for the agency in 2021 and beyond. Who will lead OSHA? Will the agency revise or implement new COVID-19 requirements? What will be the agency's new enforcement priorities? What new standards may become rulemaking priorities? Join our speakers as they gaze into the crystal ball to see the future of OSHA.
