DESCRIPTION

We all know couples who met at work, and that's not a surprise given how much of our lives are spent in the workplace. However, romantic relationships in the workplace can lead to a host of employment law challenges and concerns. In this webinar, the speakers will discuss tips for handling office romances and preventing claims of harassment and unfair treatment. Join this webinar for key takeaways, including how to draft and enforce policies related to management-subordinate interactions (including "love contracts"), and best practices for training and reporting.
