DESCRIPTION

The European Union's Artificial Intelligence Act (AI Act) is expected to receive its final vote and take effect in early summer 2024, which will start the compliance clock for employers using AI in the workplace. Join this webinar for a discussion of the AI Act, including its risk-based approach; prohibited actions and penalties; and requirements related to record retention and notice. The speakers also will offer best practices to aid employers in complying with the world's first comprehensive AI legislation.
